

Amendments to the Specification

Add the following paragraph to the specification at page 8, between lines 6 and 7.

--FIG. 5A shows a view of a single dielectric barrier structural carrier element constructed from double dielectric barrier structural carrier plates and null dielectric barrier structural carrier plates.--

Add the following paragraph to the specification at page 10 between lines 17 and 18.

--FIG 5A shows a view of a single dielectric barrier structural carrier element 24 constructed from double dielectric barrier structural carrier plates 2, null dielectric barrier structural carrier plates 14, and discrete spacers 18. A plurality of plates 2, 14 are stacked having discrete spacers 18 disposed at opposite ends forming exhaust passages 20 between adjacent plates 2, 14. Bus connections 10 are provided to alternating sides of the plates 2, 14.--
